Angle Grinder

## GWS 22-180 H

Efficient for versatile grinding applications in the 2,200 W category

### The most important data

|                   |           |
|-------------------|-----------|
| Rated input power | 2,200 W   |
| No-load speed     | 8,500 rpm |
| Disc diameter     | 180 mm    |

**Part Number** 0 601 881 L73

## Technical data

### Technical data

|                                                |                    |
|------------------------------------------------|--------------------|
| Rated input power                              | 2,200 W            |
| No-load speed                                  | 8,500 rpm          |
| Grinding spindle thread                        | M14                |
| Main handle                                    | Barrel             |
| Disc diameter                                  | 180 mm             |
| Weight                                         | 5 kg               |
| Switch                                         | PROtection Switch  |
| Packaging dimensions (width x length x height) | 200 x 590 x 135 mm |
| Voltage, electrical                            | 240 V              |

## Noise/vibration information

### Surface grinding (roughing)

|                             |                      |
|-----------------------------|----------------------|
| Vibration emission value ah | 1.5 m/s <sup>2</sup> |
| Uncertainty K               | 7.5 m/s <sup>2</sup> |

### Sanding with sanding sheet

|                             |                      |
|-----------------------------|----------------------|
| Vibration emission value ah | 1.5 m/s <sup>2</sup> |
| Uncertainty K               | 4.5 m/s <sup>2</sup> |

## Advantages:

- 2,200 W motor ensures high-powered results for general work
- User protection is increased by its PROtection switch
- Compact, ergonomic housing design enables comfortable handling for versatile use
